Decision

Article 1: The declaration defines classifications and types of non-timber forest products in the Kingdom of Cambodia.

Non-timber forest products are classified for all forest resources that are not timber, including products from non timber plants, wildlife, their processed products, and services from the forest.

Article 2: NTFP s are classified as:

- I. Lower class wood, pole s, and other non-timber used in traditional construction.
- II. Fuel wood
- III. Bamboo, palm tree, rattan, liana
- IV. Medicinal plant/wood
- V. Aromatic plant/wood
- VI. Resin/gum
- VII. Wax
- VIII. Material producing dye or chemical substance.
- IX. Edible plants
- X. Ornamental plants
- XI. Wood for carving
- XII. Non-timber products for crafts
- XIII. Wildlife products
- XIV. Forest services

Details of the classifications of NTFPs are listed in the Annex of this declaration.

Article 3: Any NTFPs not identified and classified in Article 2, must be studied and classified by the Forestry Administration as appropriate.
The Ministry of Agriculture, Forestry and Fisheries might revise the classifications and types of NTFP in the declaration if necessary.

Article 4: Any declarations or decisions that are contrary to this declaration are annulled.

Article 5: Director General of MAFF, General Inspector, Director of Cabinet, Chief of Forestry Administration and chief of concerned entities under MAFF shall implement this declaration from the date of its signature.
